	SAFETY DATA SHEET according to 1907/2006 CE		Page 1 sur 8
	LATEX		Version : 5
	Review date : 30/10/2025	Printing date : 30/10/2025	

1. Identification of the substance/mixture and of the company/undertaking.

1.1 Product identifier

Product form : Mixture
 Trade name : LATEX
 HS code : 40011000

1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses: Intended for general public.
 Use of the substance/mixture: Cosmetics: Product intended to create special effects.

1.3 Details of the supplier of the safety data sheet

Company : Maqpro
 2 ter rue Alasseur
 75015 Paris
 Phone : 01 42 25 10 11
 Mail : usine@maqpro-usine.fr

1.4 Emergency telephone number

France : ORFILA : +33 1 45 42 59 59

2. Hazards identification.

2.1 Classification of the substance or mixture

Regulation (EC) No. 1272/2008
 This substance is not classified as hazardous in accordance with Regulation (EC) No. 1272/2008.
 This article doesn't contain dangerous substances or preparations intended to be released under normal or reasonably foreseeable conditions of use.
 Particular hazards: According to EC directives or the corresponding national regulations there is no labelling obligation for this product.
 The classification is in line with current EC lists. It is expanded, however, by information from technical literature and by information furnished by supplier companies.

2.2 Label elements

None.

2.3 Other hazards

None.

3. Composition/information on ingredients

	SAFETY DATA SHEET according to 1907/2006 CE		Page 2 sur 8
	LATEX		Version : 5
	Review date: 30/10/2025	Printing date : 30/10/2025	

3.1 Substances

Not applicable. See section 3.2.

3.2 Mixtures

Classification according to Regulation (EC) No 1272/2008: No hazardous component.

4. First aid measures

4.1 Description of first aid measures

in general, in case of doubt or if symptoms persist, always consult a doctor. NEVER ingest something to an unconscious person. Instantly remove any clothing soiled by the product.

After inhalation: supply fresh air or oxygen. Consult a doctor if necessary.

After eye contact: rinse opened eye for several minutes under running water and consult a doctor if the inflammation persist.

After skin contact : in case of burns by contact with hot material, put cold water till the pain disappeared then ask for a medical opinion. Do not try to remove the product.

After swallowing: Rinse out mouth and then drink plenty of water, do not induce vomiting. Consult a doctor if necessary. Autoprotection of person who give first aid: the wearing of individual protection equipment (EPI) can be necessary. Refer to section 8 of the safety data sheet.

4.2 Most important symptoms and effects, both acute and delayed

Can provoke an allergic reaction on sensitive subjects

4.3 Indication of any immediate medical attention and special treatment needed

No special measures are necessary.

5. Firefighting measures

5.1 Extinguishing media

Foam. Water. Carbon dioxide (CO₂)

Suitable Extinguishing media:

Foam. Water. Carbon dioxide (CO₂)

Unsuitable Extinguishing media:

Not applicable

5.2 Special hazards arising from the substance or mixture

Not applicable

5.3 Advice for firefighters

Wear complete protection equipment and a breathing apparatus

6. Accidental release measures

	SAFETY DATA SHEET according to 1907/2006 CE		Page 3 sur 8
			Version : 5
	LATEX		
	Review date: 30/10/2025	Printing date : 30/10/2025	

6.1 Personal precautions, protective equipment and emergency procedures

Not applicable

For non-emergency personnel:

Wear appropriate protection equipment (including individual protection equipment mentioned in sections 8 of this SDS).

In case of emergency, contact a first aid rescue worker

For emergency responders:

Wear individual protection equipment such as specified in sections 8 of this safety data sheet

6.2 Environmental precautions

Do not allow product to reach sewage system or surface water

6.3 Methods and material for containment and cleaning up

Absorb with liquid-binding material (diatomite, acid binders, universal binders). Dispose contaminated material as waste according to section 13.

6.4 Reference to other sections

Section 1,8 and 13

7. Handling and storage

7.1 Precautions for safe handling

Advice on safe handling :

During processing, ensure adequate ventilation/exhaustion in work area. Avoid eye, skin and clothes contact.

Precautions for work hygiene:

Do not eat, drink, smoke around the work area and wash hands after each use. Remove the individual protection equipment before entering in food area.

7.2 Conditions for safe storage, including any incompatibilities.

Requirements for storage rooms and vessels

Store in cool, dry conditions in well-sealed containers. Keep container tightly sealed. Protect from frost, recommended storage temperature: 5-35°

And comply with local regulation.

7.3 Specific end use(s)

Not applicable.

8. Exposure controls/personal protection

8.1 Control parameters

No further relevant information available.

	SAFETY DATA SHEET according to 1907/2006 CE		Page 4 sur 8
	LATEX		Version : 5
	Review date: 30/10/2025	Printing date : 30/10/2025	

8.2 Exposure controls

Protective and hygiene measures : none

Appropriate engineering controls:

Ensure enough ventilation of premises to avoid exposure to toxic substances which can emanate from the processing.

Individual protection measures, such as personal protective equipment:

Eye/face protection : Tightly sealed safety glasses

Hand protection : wear protective gloves/rubber gloves in work area

Skin protection: wear protective work clothing

Respiratory protection : use breathing equipment in poor ventilated area with high concentrations of ammonia

Environmental exposure controls:

Not Applicable

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties.

Physical state: Fluid, milky

Odour, odour threshold: Typical

Color: White

pH: 9.5-12

Melting point/freezing point: 0°C

Boiling point or initial boiling point and boiling range: 100°C

Flammability: n/a

Lower and upper explosion limit: n/a

Flash point: n/a

Auto-Ignition temperature: n/a

Decomposition temperature: 220°C

Viscosity: <200cps (Brookfield viscometer)

Solubility in water or other solvents: Fully miscible

Partition coefficient n-octanol/water (log value): n/a

Vapour pressure: n/a

Density and/or Relative density: 0.94-0.96 g/cm³

Relative vapour density: n/a

Particle characteristics: n/a

9.2 Other information

Information with regard to physical and hazard classes:

Not Applicable

Other safety characteristics:

Not Applicable

	SAFETY DATA SHEET according to 1907/2006 CE		Page 5 sur 8
	LATEX		Version : 5
	Review date: 30/10/2025	Printing date : 30/10/2025	

10. Stability and reactivity

10.1 Reactivity

Not Applicable

10.2 Chemical stability

The substance is chemically stable under recommended conditions of storage, use and temperature.

10.3 Possibility of hazardous reactions

Not Applicable

10.4 Conditions to avoid

Avoid heat and negative temperatures

10.5 Incompatible materials

Remove strong acids, oxidant agents from area

10.6 Hazardous decomposition products

Will Not decompose at ambient temperature.

Not decomposition if used according to specifications

Not dangerous reactions knowns

Not dangerous decomposition products known.

Further information:

No risks worthy of mention.

11. Toxicological information

11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

Not Applicable

Summaries of the information derived from test conducted:

Specific effects in experiment on an animal

Rats oral LD50 (mg/kg) : not determined

Rabbits dermal LD50 (mg/kg) : not determined

Rats inhalation LC50 (ppm) : not determined

Relevant toxicological properties: none

Information on likely routes of exposure: none

Symptoms related to the physical, chemical and toxicological characteristics: none

Delayed and immediate effects as well as chronics effects from short and long-term exposure: none

Interactive effects: none

Absence of specific data: none

	SAFETY DATA SHEET according to 1907/2006 CE		Page 6 sur 8
	LATEX		Version : 5
	Review date: 30/10/2025	Printing date : 30/10/2025	

11.2 Information on other hazards

When used and handled according to the specifications, this product does not have any harmful effects to human health according to our experience and the information available. Contact the manufacturer in case the material is to be used in special applications such as in contact with food or for hygiene, medical or surgical end-use.

12. Ecological information

12.1 Toxicity

Not Applicable

12.2 Persistence and degradability

Product is biodegradable.

Natural product, considered harmless to the environment.

12.3 Bioaccumulative potential

Not Applicable

12.4 Mobility in soil

Not Applicable

12.5 Results of PBT et vPvB assessment

Not Applicable

12.6 Other adverse effects

Not Applicable

12.7 Other adverse effects

Rubber and sewage sludge contains rubber must be admitted in sewage processing plants. Coagulate with aluminium sulphate, iron(III) or calcium chloride. Coagulate must be disposed according to official regulations. Do not reach in sewage system. Water hazard class 1 (Self-assessment): slightly hazardous for water. Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system..

13. Disposal consideration

13.1 Waste treatment methods

Information regarding the disposal of the product:

Material recycling possible.

Refer to manufacturer or supplier for information on recovery or recycling.

Information regarding the disposal of the packaging:

Material recycling possible.

Refer to manufacturer or supplier for information on recovery or recycling.

	SAFETY DATA SHEET according to 1907/2006 CE		Page 7 sur 8
	LATEX		Version : 5
	Review date: 30/10/2025	Printing date : 30/10/2025	

Physical/Chemical properties that may affect waste treatment options shall be specified:
 collect the product by mechanical system (sweeping/vacuum) and put it in an identified container in order to eliminate according to the current regulations.

Sewage disposal:

Not Applicable

Special precautions for any recommended waste treatment:

Not Applicable

14. Transport information

14.1. UN number or ID number:

1218

14.2. UN proper shipping name:

14.3. Transport hazard class(es):

Land transport (ADR/RID)

Other applicable information (land transport)

Not a hazardous material with respect to transportation regulations.

Inland waterways transport (ADN)

Other applicable information (inland waterways transport)

Not a hazardous material with respect to transportation regulations.

Marine transport (IMDG)

Other applicable information (marine transport)

Not a hazardous material with respect to transportation regulations.

14.4. Packaging group:

Not applicable

14.5. Environmental hazards

Not applicable

14.6. Special precautions for user:

Not applicable

14.7. Maritime transport in bulk according to IMO instruments:

Not applicable

15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

EU regulatory information according to 2012/17/EU (Seveso III) : Not applicable

The substance is classified as not hazardous according to Directive 67/548/EEC.

	SAFETY DATA SHEET according to 1907/2006 CE		Page 8 sur 8
	LATEX		Version : 5
	Review date: 30/10/2025	Printing date : 30/10/2025	

15.2 Chemical safety assessment

Not Applicable

16. Other information

Changes

This product is a polymer with a high molecular weight.

Further Information

The information is based on present level of our knowledge. It does not, however, given assurances of product properties and establishes no contract legal rights. The receiver of our product is singularly responsible for adhering to existing laws and regulations.

This safety datasheet should be used in conjunction with technical datasheets. It does not replace them. The information given is based on our knowledge of this product, at the time of publication. It is given in good faith. The attention of the user is drawn to the possible risks incurred by using the product for any other purpose than that for which it was intended. This does not in any way excuse the user to take all precautions required in handling the product. The aim of the mandatory regulations mentioned is to help the user to fulfil his obligations regarding the use of hazardous products. This information is not exhaustive. This does not exonerate the user from ensuring that legal obligations, other than those mentioned, relating to the use and storage of the product, do not exist. This is solely his responsibility. Furthermore , this safety datasheet is made up based on the legal requirements as set by EC 1272/2008 based on information as is available per July 2017 (date of entry into force) . That information that is not yet filled in depends on the input we receive from our suppliers following the time scale as foreseen by EC 1272/2008 and depends solely on the registration of the concerned substances

Regulatory requirements relative to the distribution of this MSDS: In accordance with the regulatory requirements, all information in the MSDS must be transmitted by the MSDS recipient to the health authorities, to any party receiving the products and to any other person likely to be exposed to the products.

Asterisks (*) on life show modifications with regard to last chemical safety data sheet.
